

Simple Instructions for Setting Up the Waiting Room Video

Step 1: Download the MP4 to your computer [here](#) and save it to your desktop.

Step 2: Upload the video to a flash drive.

Alternative: You can mirror your computer screen to the TV if you have a Smart TV.

Step 3: Plug the flash drive into the TV.

Step 4: Open the file on the TV.

Step 5: Play the video on a loop.

If using QuickTime, go to "View" and select "Loop."

The video will now play continuously in your waiting room!
